TITLES

Acculturation and its effects on self-esteem among immigrant Latina women. Flaskerud JH, Uman G. Fall: 123–132.

Anger expression correlates with platelet aggregation. Wenneberg SR, Schneider RH, Walton KG, MacLean CRK, Levitsky DK, Mandarino JV, Waziri R, Wallace RK. Winter:174–177.

Components of Type A behavior pattern and occupational stressor-strain relationship: Testing different models in a sample of industrial managers. Kivimäki M, Kalimo R, Julkunen J. Summer: 67–76.

Depression and cholesterol-lowering in chemotherapy: Potential influence of smoking cessation, depression history, and dietary change. Cinciripini PM. Summer:85–86.

EEG biofeedback as a treatment for chronic fatigue syndrome: A controlled case report. James LC, Folen RA. Summer: 77–81.

Elevation of plasma beta-endorphin levels of shy elderly in response to novel laboratory experiences. Bell IR, Schwartz GE, Bootzin RR, Hau V, Davis TP. Winter:168–173.

Errata: Methods of testing for sleepiness. Vol 21;4:171-183. Mitler MM, Miller JC.Spring:1.

Genetics and behavioral medicine. McClearn GE, Vogler GP, Plomin R. Fall: 93–102.

Genetics and behavioral medicine: The error of the error term. McClearn GE, Vogler GP. Winter:150–151.

Genetics and behavioral medicine: Risk factors for cardiovascular disease. Vogler GP, McClearn GE, Snieder H, Boomsma DI, Palmer R, Knijff P, Slagboom PE. Winter: 141–149.

Guidelines for contributors: Spring:Inside back cover; Summer:Inside front cover; Fall:Inside front cover; Winter:Inside front cover.

Higher levels of social support predict greater survival following acute myocardial infarction: The Corpus Christi Heart Project. Farmer IP, Meyer PS, Ramsey DJ, Goff DC, Wear ML, Labarthe DR, Nichaman MZ. Summer:59–66.

Increases in depression after cholesterol-lowering drug treatment. Davidson KW, Reddy S, McGrath P, Zitner D, MacKeen W. Summer:82–84.

Perceptual and coping processes across the menstrual cycle: An investigation in a premenstrual syndrome clinic and a community sample. Fontana A, Badawy S. Winter:152–159.

Predicting completeness of symptom relief after major heart surgery. Jenkins CD, Jono RT, Stanton BA. Summer:45–57.

Psychosocial influences on central and peripheral vision and reaction time during demanding tasks. Williams JM, Andersen MB. Winter:160–167.

Short-term mood change, perceived funniness, and the effect of humor stimuli. Moran CC. Spring:32–38.

Studies in psychoneuroimmunology: Psychological, immunological, and neuroendocrinological parameters in Israeli civilians during and after a period of scud missile attacks. Weiss DW, Hirt R, Tarcic N, Berzon Y, Ben-Zur H, Breznitz S, Glaser B, Grover NB, Baras M, O'Dorisio TM. Spring:5–14.

Talking effect and white coat phenomenon in hypertensive patients. Le Pailleur C, Vacheron A, Landais P, Mounier-Véhier C, Feder JM, Montgermont P, Jais JP, Metzger JP. Fall:114–122.

A time series analysis of daily hassles and mood changes in the 3 days before the migraine attack. Sorbi MJ, Maassen GH, Spierings ELH. Fall:103–113.

Type A behavior and vital exhaustion as related to the metabolic hormonal variables of the hypothalamic-pituitary-adrenal axis. Keltikangas-JärvinenL, Räïkkönen K, Hautanen A. Spring:15-22

Walking program maintenance in women with elevated serum cholesterol. Ready AE. Spring:23–31.

SUBJECTS

Acculturation

Acculturation and its effects on self-esteem among immigrant Latina women. Flaskerud JH, Uman G. Fall: 123–132.

Anger

Anger expression correlates with platelet aggregation. Wenneberg SR, Schneider RH, Walton KG, MacLean CRK, Levitsky DK, Mandarino JV,Waziri R, Wallace RK. Winter:174–177.

Beta-Endorphin Levels

Elevation of plasma beta-endorphin levels of shy elderly in response to novel laboratory experiences. Bell IR, Schwartz GE, Bootzin RR, Hau V, Davis TP. Winter:168–173.

Biofeedback

EEG biofeedback as a treatment for chronic fatigue syndrome: A controlled case report. James LC, Folen RA. Summer:77–81.

Book Reviews

Dimsdale J, Baum A. *Quality of Life in Behavioral Medicine Research,* Reviewed by Walling DP, Swarz MS. *Biofeedback—A Practitioner's Guide.* Reviewed by James LC. Winter:178–179.

Cardiovascular Disease

Genetics and behavioral medicine: Risk factors for cardiovascular disease. Vogler GP, McClearn GE, Snieder H, Boomsma DI, Palmer R, Knijff P, Slagboom PE. Winter:141–149.

Higher levels of social support predict greater survival following acute myocardial infarction: The Corpus Christi Heart Project. Farmer IP, Meyer PS, Ramsey DJ, Goff DC, Wear ML, Labarthe DR, Nichaman MZ. Summer:59–66.

Chemotherapy

Depression and cholesterol-lowering in chemotherapy: Potential influence of smoking cessation, depression history,

and dietary change. Cinciripini PM. Summer:85–86.

Cholesterol

Depression and cholesterol-lowering in chemotherapy: Potential influence of smoking cessation, depression history, and dietary change. Cinciripini PM. Summer:85–86.

Increases in depression after cholesterol-lowering drug treatment. Davidson KW, Reddy S, McGrath P, Zitner D, MacKeen W. Summer:82–84.

Walking program maintenance in women with elevated serum cholesterol. Ready AE. Spring:23–31.

Chronic Fatigue Syndrome

EEG biofeedback as a treatment for chronic fatigue syndrome: A controlled case report. James LC, Folen RA. Summer:77–81.

Coping

Elevation of plasma beta-endorphin levels of shy elderly in response to novel laboratory experiences. Bell IR, Schwartz GE, Bootzin RR, Hau V, Davis TP. Winter:168–173.

Corpus Christi Heart Project

Higher levels of social support predict greater survival following acute myocardial infarction: The Corpus Christi Heart Project. Farmer IP, Meyer PS, Ramsey DJ, Goff DC, Wear ML, Labarthe DR, Nichaman MZ. Summer:59–66.

Depression

Depression and cholesterol-lowering in chemotherapy: Potential influence of smoking cessation, depression history, and dietary change. Cinciripini PM. Summer:85–86.

Increases in depression after cholesterol-lowering drug treatment. Davidson KW, Reddy S, McGrath P, Zitner D, MacKeen W. Summer:82–84.

Diet

Depression and cholesterol-lowering in chemotherapy: Potential influence of smoking cessation, depression history, and dietary change. Cinciripini PM. Summer:85–86.

Drug Treatment

Depression and cholesterol-lowering in chemotherapy: Potential influence of smoking cessation, depression history, and dietary change. Cinciripini PM. Summer:85–86.

Increases in depression after cholesterol-lowering drug treatment. Davidson KW, Reddy S, McGrath P, Zitner D, MacKeen W. Summer:82–84.

Elderly

Elevation of plasma beta-endorphin levels of shy elderly in response to novel laboratory experiences. Bell IR, Schwartz GE, Bootzin RR, Hau V, Davis TP. Winter:168–173.

Exercise

Walking program maintenance in women with elevated serum cholesterol. Ready AE. Spring:23–31.

Exhaustion

Type A Behavior and vital exhaustion as related to the metabolic hormonal variables of the hypothalamic-pituitary-adrenal axis. Keltikangas-Järvinen L, Räïkkonen K, Hautanen A. Spring:15-22

Genetics

Genetics and behavioral medicine. McClearn GE, Vogler GP, Plomin R. Fall: 93–102.

Genetics and behavioral medicine: The error of the error term. McClearn GE, Vogler GP. Winter:150–151.

Genetics and behavioral medicine: Risk factors for cardiovascular disease. Vogler GP, McClearn GE, Snieder H, Boomsma DI, Palmer R, Knijff P, Slagboom PE. Winter:141–149.

Hassles

A time series analysis of daily hassles and mood changes in the 3 days before the migraine attack. Sorbi MJ, Maassen GH, Spierings ELH. Fall:103–113.

Heart Surgery

Predicting completeness of symptom relief after major heart surgery. Jenkins CD, Jono RT, Stanton BA. Summer:45–57.

Humor

Short-term mood change, perceived funniness, and the effect of humor. Moran CC. Spring:32–38.

Hypertension

Talking effect and white coat phenomenon in hypertensive patients. Le Pailleur C, Vacheron A, Landais P, Mounier-Véhier C, Feder JM, Montgermont P, Jais JP, Metzger JP. Fall:114–122.

Hypothalamic-Pituitary-Adrenal Axis

Type A Behavior and vital exhaustion as related to the metabolic hormonal variables of the hypothalamic-pituitary-adrenal axis. Keltikangas-Järvinen L, Räïkkönen K, Hautanen A. Spring:15–22

Immigrants

Acculturation and its effects on self-esteem among immigrant Latina women. Flaskerud JH, Uman G. Fall:123–132.

Israelis

Studies in psychoneuroimmunology: Psychological, immunological, and neuroendocrinological parameters in Israeli civilians during and after a period of scud missile attacks. Weiss DW, Hirt R, Tarcic N, Berzon Y, Ben-Zur H, Breznitz S, Glaser B, Grover NB, Baras M, O'Dorisio TM. Spring:5–14.

Latin Americans

Acculturation and its effects on self-esteem among immigrant Latina women. Flaskerud JH, Uman G. Fall: 123–132.

Menstruation

Perceptual and coping processes across the menstrual cycle: An investigation in a premenstrual syndrome clinic and a community sample. Fontana A, Badawy S. Winter:152–159.

Metabolism

Type A Behavior and vital exhaustion as related to the metabolic hormonal variables of the hypothalamic-pituitary-adrenal axis. KeltikangasJärvinenL, Räïkkönen K, Hautanen A. Spring:15–22.

Migraine

A time series analysis of daily hassles and mood changes in the 3 days before the migraine attack. Sorbi MJ, Maassen GH, Spierings ELH. Fall:103–113.

Missile Attacks

Studies in psychoneuroimmunology: Psychological, immunological, and neuroendocrinological parameters in Israeli civilians during and after a period of scud missile attacks. Weiss DW, Hirt R, Tarcic N, Berzon Y, Ben-Zur H, Breznitz S, Glaser B, Grover NB, Baras M, O'Dorisio TM. Spring:5–14.

Mood

Short-term mood change, perceived funniness, and the effect of humor. Moran CC. Spring:32–38.

A time series analysis of daily hassles and mood changes in the 3 days before the migraine attack. Sorbi MJ, Maassen GH, Spierings ELH. Fall:103–113.

Novel Experiences

Perceptual and coping processes across the menstrual cycle: An investigation in a premenstrual syndrome clinic and a community sample. Fontana A, Badawy S. Winter:152–159.

Occupation

Components of Type A behavior pattern and occupational stressor-strain relationship: Testing different models in a sample of industrial managers. Kivimaki M, Kalimo R, Julkunen J. Summer:67–76.

Peripheral Vision

Psychosocial influences on central and peripheral vision and reaction time during demanding tasks. Williams JM, Andersen MB. Winter:160–167.

Platelet Aggregation

Anger expression correlates with platelet aggregation. Wenneberg SR, Schneider RH, Walton KG, MacLean CRK, Levitsky DK, Mandarino JV, Waziri R, Wallace RK. Winter:174–177.

Premenstrual Syndrome

Perceptual and coping processes across the menstrual cycle: An investigation in a premenstrual syndrome clinic and a community sample. Fontana A, Badawy S. Winter:152–159.

Psychoneuroimmunology

Studies in psychoneuroimmunology: Psychological, immunological, and neuroendocrinological parameters in Israeli civilians during and after a period of scud missile attacks. Weiss DW, Hirt R, Tarcic N, Berzon Y, Ben-Zur H, Breznitz S, Glaser B, Grover NB, Baras M, O'Dorisio TM. Spring:5–14.

Psychosocial Influences

Psychosocial influences on central and peripheral vision and reaction time during demanding tasks. Williams JM, Andersen MB. Winter:160–167.

Reaction Time

Psychosocial influences on central and peripheral vision and reaction time during demanding tasks. Williams JM, Andersen MB. Winter:160–167.

Self-Esteem

Acculturation and its effects on self-esteem among immigrant Latina women. Flaskerud JH, Uman G. Fall: 123–132.

Shyness

Elevation of plasma beta-endorphin levels of shy elderly in response to novel laboratory experiences. Bell IR, Schwartz GE, Bootzin RR, Hau V, Davis TP. Winter:168–173.

Smoking

Depression and cholesterol-lowering in chemotherapy: Potential influence of smoking cessation, depression history, and dietary change. Cinciripini PM. Summer:85–86.

Social Support

Higher levels of social support predict greater survival following acute myocardial infarction: The Corpus Christi Heart Project. Farmer IP, Meyer PS, Ramsey DJ, Goff DC, Wear ML, Labarthe DR, Nichaman MZ. Summer:59–66.

Stress

Components of Type A behavior pattern and occupational stressor-strain relationship: Testing different models in a sample of industrial managers. Kivimäki M, Kalimo R, Julkunen J. Summer:67–76.

Symptom Relief

Predicting completeness of symptom relief after major heart surgery. Jenkins CD, Jono RT, Stanton BA. Summer:45–57.

Talking Effect

Talking effect and white coat phenomenon in hypertensive patients. Le Pailleur C, Vacheron A, Landais P, Mounier-Véhier C, Feder JM, Montgermont P, Jais JP, Metzger JP. Fall:114–122.

Type A Behavior Pattern

Components of Type A behavior pattern and occupational stressor-strain relationship: Testing different models in a sample of industrial managers. Kivimäki M, Kalimo R, Julkunen J. Summer:67–76.

Type A Behavior and vital exhaustion as related to the metabolic hormonal variables of the hypothalamic-pituitary-adrenal axis. Keltikangas-Järvinen L, Räikkönen K, Hautanen A. Spring:15-22

White Coat Phenomenon

Talking effect and white coat phenomenon in hypertensive patients. Le Pailleur C, Vacheron A, Landais P, Mounier-Véhier C, Feder JM, Montgermont P, Jais JP, Metzger JP. Fall:114–122.

Women

Acculturation and its effects on self-esteem among immigrant Latina women. Flaskerud JH, Uman G. Fall: 123–132.

Perceptual and coping processes across the menstrual cycle: An investigation in a premenstrual syndrome clinic and a community sample. Fontana A, Badawy S. Winter:152–159.

Walking program maintenance in women with elevated serum cholesterol. Ready AE. Spring:23–31.
